

REMARKS

Claims 46-64 remain pending in this application. Each of the pending claims is believed to define an invention that is novel and unobvious over the cited references. Favorable reconsideration of this case is respectfully requested.

Claims 46-57 have been rejected under 35 U.S.C. 112, second paragraph. In Figures 18B and 18C of the present application, the base resin corresponds to element 2 and the insulating resin corresponds to element 4. As seen in the drawings, the device hole 183, which corresponds to "through hole" in the claims, is formed in the insulating resin 4. On the other hand, the electrode holes, in which the electrode pads 22 are provided, are formed in the base resin. The claims have been amended to correct the informalities noted by the Examiner.

In view of the above, it is respectfully submitted that all pending claims are now in all aspect in compliance with 35 U.S.C. 112. Therefore, the withdrawal of this rejection is respectfully requested.

Claims 58-64 have been indicated as being allowable.

If the Examiner is of the opinion that the prosecution of this application would be advanced by a personal interview, the Examiner is invited to telephone undersigned counsel to arranged for such an interview.

The Commissioner is authorized to charge any fee necessitated by this Amendment to our Deposit Account No. 22-0261.
